Hospitalizations by Report Week: All COVID-19 Cases

This graph shows hospitalizations by week for COVID positive Carroll County residents, in any hospital.

- Report week is the week their case was reported, which may not be the same week they were hospitalized. Only one hospitalization is noted per person.
- There is a slight data lag so recent numbers may increase.
- Additional hospital data can be found on our website:
<https://cchd.maryland.gov/carroll-county-md-cases/>

Hospitalizations and Deaths by Age Group (years): All COVID-19 Cases

COVID-19 Deaths by Week of Death

Please note:

- This data does not include deaths in probable cases.

Screening, testing, and contact tracing continue to be important tools to prevent spread

- People with COVID symptoms should stay home except to get testing or medical care.
- The Health Department's testing site closed in May, but testing is still available through the school system when school is in session, and throughout the county.
- Search online at <https://coronavirus.maryland.gov/pages/symptoms-testing>
- Contact tracing ongoing
